How many animals are in each picture?

Count and put the number in the circles.

① ② ③ ④ ⑤ ⑥ ⑦ ⑧ ⑨ ⑩

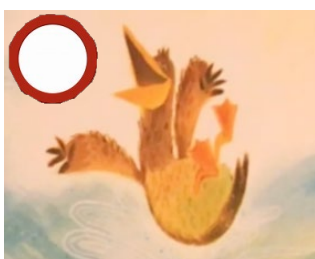

Once there was a river. But it didn't know it was a river
UNTIL . . . Bear came along.
Bear didn't know what the river could do
UNTIL . . . he fell into the water.
He got onto a log. He was on an adventure.
He didn't know he was on an adventure
UNTIL . . . Froggy hopped on.

Froggy was looking for a friend. Then two
turtles got on.

Then a beaver got on.

Then a duck.

They went down the river together
UNTIL . . . there was a waterfall.

Over they went!

Bear held on to Froggy!

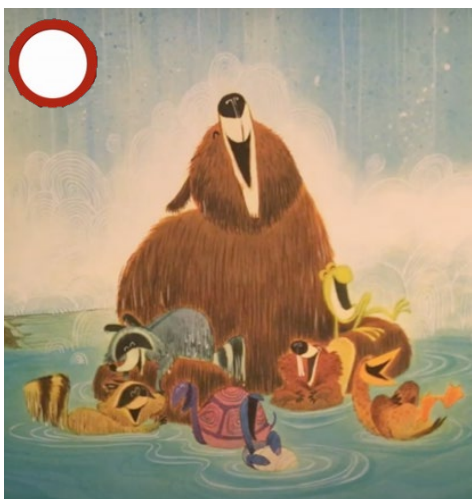

Froggy held on to

Turtles!

Turtles held on to Beaver.

Beaver held on to Raccoons!

Raccoons held on to Duck!

So many animals living their separate lives. But they didn't
know they were together
UNTIL . . . the river came along.
